ROUSTABOUT TRAINING APPLICATION

Open to Doyon, Limited shareholders

Doyon Drilling, Inc. (DDI) operates on the North Slope of Alaska, utilizing nine unique oil and gas land drilling rigs specifically designed for extreme conditions.

DDI proudly celebrates numerous industry firsts. Our Rig 9 was the first self-propelled, wheel-mounted rig developed for the North Slope. We later applied this same moving system to Rigs 14, 15, and 16. We were the first drilling company on the North Slope to use high-line power and dual-fuel turbines. Rig 141 is the only land-operated rig to drill five winter exploration wells in a single season for three consecutive years. We are a proven leader in drilling technology, environmental awareness, and safety.

Thank you for applying to become a Roustabout at DDI.

ROUSTABOUT FREQUENTLY ASKED QUESTIONS

What is a Roustabout?

A Roustabout is an entry-level position with DDI that performs duties to support Rig operations and maintenance and is accountable to the Roustabout Pusher/Driller.

What qualifications are needed to be a Roustabout?

Applicants must be a Doyon, Limited shareholder, 18 years of age or older, have a high school diploma or GED, be physically capable of performing job functions, able to pass medical, drug and alcohol screening, background check, and be dependable.

Why should I write a cover letter?

The purpose of a cover letter is your opportunity to introduce yourself, highlight your relevant skills and experience, and to explain why you are a strong fit for the job.

What should I include in the cover letter?

Your cover letter should emphasize, why you are applying to become a Roustabout with Doyon Drilling, Inc., and what you hope to gain or accomplish from the experience. Describe your education, training and/or work experience. You should include any equipment you may have operated and mechanical aptitude. Include your career goals and how you are currently working to achieve them. It is recommended to include an explanation if there are gaps in employment on your resume. (Research how to create a cover letter or contact the Shareholder Outreach.)

What is the wage for a Roustabout?

The starting wage for a Roustabout is \$28.59/hour and about \$42.89 overtime.

What is the work schedule?

Schedules vary, but generally they are two weeks on, two weeks off Rotation, with daily 12-hour shifts.

What are living accommodations?

Accommodations include meals, lodging in 1-2 person rooms, and roundtrip airfare between Anchorage and your worksite. Employees are responsible for their own travel to and from Anchorage, if they live elsewhere.

What does it take to work at DDI?

To work at DDI, employees leave their families for two weeks or more at a time. Because of the time away from home and the physical demands of the job, it is important for employees to be physically and mentally strong, supportive of the stringent Safety Program and be a team player.

What are common reasons employees resign or are terminated at DDI?

Common reasons employees resign or are terminated include missing flights, alcohol and drug related issues, home and family situations and medical circumstances.

What are the pros of working for DDI?

There are many reasons why DDI is a great place to work: employee teamwork, prestige, excellent pay, retirement plans, and other benefits, rotational schedules, and opportunities for advancement.

What are the cons of working for DDI?

As with any place of employment, there are downsides that should be considered. At DDI, employees can expect to be absent from home for extended periods of time, miss special occasions with family and friends, work monotonous assignments, work long hours in extreme weather conditions and isolation.

Where can I learn more about DDI?
